Parent / Legal Guardian Acceptable Use Policy Agreement

New technologies have become integral to the lives of children and young people in today's society, both within schools and in their lives outside school. The internet and other digital information and communications technologies are powerful tools, which open up new opportunities for everyone. These technologies can stimulate discussion, promote creativity and stimulate awareness of context to promote effective learning. Young people should have an entitlement to safe internet access at all times.

This Acceptable Use Policy is intended to ensure:

- That young people will be responsible users and stay safe while using the internet and other communications technologies for educational, personal and recreational use.
- That school ICT systems and users are protected from accidental or deliberate misuse that could put the security of the systems and users at risk.
- That parents and carers are aware of the importance of e-safety and are involved in the education and guidance of young people with regard to their on-line behaviour.

The school will try to ensure that *students / pupils* will have good access to ICT to enhance their learning and will, in return, expect the *students / pupils* to agree to be responsible users. A copy of the Student / Pupil Acceptable Use Policy can be seen on our website.

Parents are requested to sign the permission form below to show their support of the school in this important aspect of the school's work.

Acceptable Internet Use

I know that my child will need to agree to an Acceptable Use Agreement and has received, or will receive, e-safety education to help them understand the importance of safe use of ICT – both in and out of school. A copy of this agreement can be seen on our website.

I understand that the school will take every reasonable precaution, including monitoring and filtering systems, to ensure that young people will be safe when they use the internet and ICT systems. I also understand that the school cannot ultimately be held responsible for the nature and content of materials accessed on the internet and using mobile technologies.

I understand that my child's activity on the ICT systems will be monitored and that the school will contact me if they have concerns about any possible breaches of the Acceptable Use Policy.

I will encourage my child to adopt safe use of the internet and digital technologies at home and will inform the school if I have concerns over my child's e-safety.

Use of Digital / Video Images

The use of digital / video images plays an important part in learning activities.
Students and members of staff may use digital cameras to record evidence of activities in lessons and out of school.
These images may then be used in presentations in subsequent lessons.
Images may also be used to celebrate success through their publication in newsletters, on the school website and occasionally in the public media,
The school will comply with the Data Protection Act and request parents / carers permission before taking images of members of the school.
Parents are requested to sign the permission form below to allow the school to take and use images of their children.

Permission Form

☐ As the parent / legal guardian of the named student, I agree to the school taking and using digital / video images of my child. I understand that the images will only be used to support learning activities or in publicity that reasonably celebrates success and promotes the work of the school.

☐ As the parent / legal guardian of the named students, I give permission for my child to have access to the internet and to ICT systems at school.

☐ I agree that if I take digital or video images at, or of school events which include images of children, other than my own, I will abide by these guidelines in my use of these images.
