## 'LONCIAN I LANDDWYN' FUNDRAISING EVENT

On evening of 'Santes Dwynwen' a large crowd gathered at Aberaeron Square Field to see the culmination of twelve days of activities that have been the talk of the town!

The school's Foundation Learning children set themselves a challenge to 'Loncian i Landdwyn' on this special day. The total number of miles that needed to be covered was 113, which is the distance from Aberaeron to Llanddwyn Island. Quite a challenge!

By 4:30pm the place was buzzing with the field lit up and music echoing through the town. A heart shaped track was laid in the middle of the field and it was a special sight to see even the nursery class trying hard to complete the challenge with the support of their parents, families and teachers.

Over the twelve days before that videos were released daily on the school's social media and on the 'Streaon Aberaeron' Facebook page which promoted the event using individuals from the community. A variety of individuals from the vicar to the local councillor and the mayor along with many of the town's business people were seen doing quite strange antics which attracted incredible interest from the public. It's worth checking them out.

This was an event that united the whole community, raising money for the school and creating enthusiasm and fun in the middle of a rather boring January.

Thanks to the Aberaeron Improvements Committee for their help and the Football Club for lending the floodlight.
